Trustees

The Clerk presented the Trustees Minutes in the absence of Dean Engstrom, clerk of trustees. Clerk presented that there was no unity in the committee over selection of an attorney to complete incorporation of the Meeting. Clerk presented the concern of Dean as best as possible in his absence. Meeting held this concern in tenderness in search for unity. It was felt that this relationship with counsel can be revisited if experience proves this is necessary, but that it was important to use the work already complete with this attorney to complete the process of incorporation.
